

This listing of the claims will replace all prior versions, and listings of claims in the application.

Claims:

1. A method for a buyer to request a quotation comprising:
 - inputting or choosing attributes of a specific product into a database;
 - inputting the quantity of product;
 - inputting delivery specifications;
 - selecting suppliers to submit said request for quotation;
 - submitting said request for quotation to said suppliers.
2. The method of claim 1 wherein said quotation is submitted to said suppliers via a wireless method.
3. The method of claim 1 further comprising said supplier analyzing said quotation with a logistics database to provide freight quotes.
4. The method of claim 1 wherein said supplier provides a response to said buyer.
5. The method of claim 4 wherein said supplier provides a response to said buyer via a wireless method.
6. The method of claim 1 wherein said quotation has an expiration mechanism.
7. The method of claim 4 further comprising;
 - comparing said quotation from said supplier to quotations from other suppliers.

8. A system for a buyer to request a quotation comprising;
 - a database;
 - said database having a request for quotation form;
 - said request for quotation form comprising a list of product specifications, and delivery specifications; and
 - a means for delivering said quotation form to a seller;
wherein said database stores quotations from sellers;
said system allowing said buyer to compare said quotations.
9. (Cancelled)
10. (Cancelled)
